

Product Specification Sheet

Retractable Ethernet, Phone and USB Cable

Part #: ACC93AP

Product Description:

This product is a complete Ethernet, phone and USB cable solution in a single retractable unit. It is an all-in-one solution offering connectivity on-the-go.

This unique 3-in-1 combination cable is designed to be economical, lightweight and compact for easy mobility. Featuring the revolutionary Triplug design, it manages multiple connections in the same unit. The combination of USB, network, and telephone retractable cables connect to most USB peripheral devices and networks any time and anywhere. It offers maximum flexibility in a lightweight, compact, retractable cable design; excellent for laptop users and modern executives.

Product Features and Specifications:

- Unique Triplug design to transform this cable into any one of the three cables any time, anywhere.
- 5 foot cable for maximum flexibility.
- Adjusts to desired length, and fully retracts for easy travel and storage.
- Complete connectivity solution for travel.
- Fully compatible with both PC and Mac systems.
