

Product Specification Sheet

Travel USB 2.0 4-port hub with Ethernet cable

Part #: ACH77AP

Product Description:

With the increasing demand for USB connectivity, most computer users surely have experienced a shortage of USB ports. Hence, Targus has developed a unique line of Travel Hubs that combine practical functionality with ease of use.

This Travel Hub + Ethernet Cable is a useful companion for the modern executive. It contains a 4 port High speed USB 2.0 Hub along with a retractable RJ45 Cat5 Ethernet cable. The unique design allows you to detach the hub with the retractable Ethernet cable and use them as two separate products. You can re-attach them any time for easy storage and travel. This is a complete solution for the modern executive.

Product Features and Specifications:

- Expands system with up to 4 USB 2.0 connections.
- 4 ports USB hub + retractable Ethernet cable.
- Detachable elements to use the features separately.
- Adjusts to desired length, and fully retracts for easy travel and storage.
- No software or power adapter needed.
- Protect against damage during travel.
- Fully compatible with both PC and Mac systems.
