

## Product Specification Sheet

### Travel 57 in 1 Metallon Card Reader

Part #: ACR13AP

#### Product Description:

Different memory card formats have surely become an important part of everyone's life. However the built-in card readers in many laptops do not have the compatibility to access all card formats. Hence Targus has developed a series of card readers to tackle the problem. Crafted in a stunning metal finish, the Metallon Card Reader is capable of reading and writing 57 types of memory cards without extra card adapters\*. This slim and lightweight handy device is truly plug and play without the need for drivers or a power adapter. The perfect solution for memory card access on-the-go.
