

## Product Specification Sheet

### Travel-Ease Headphones with Active Noise Cancellation

Part #: AEH0101AP

#### Product Description:

The headphone is a perfect solution for the business traveler who looks for enhanced sound quality and a peaceful journey. The soft padded and ergonomic ear-cup design enhance wearing comfort, while the active noise cancellation circuitry effectively limits ambient noise such as that from jet engines. Most importantly, the patented Push to Talk - PPT feature allows the user to mute the music and noise cancellation function with a push of a button in order to hear others clearly. The headphones perform best when listening to your iPod or other audio during flight. The supplied airplane adaptor and pouch is a neat and convenient package for the business traveler.

#### Product Features and Specifications:

- Listen to in-flight announcements at the push of a button.
- Cancels out unwanted noise and allows music or peaceful enjoyment.
- Folding headphones slip perfectly into supplied pouch.
- Perfect for iPod or your MP3/WMA player.
- The soft padded and perfectly fitted ear cup maximize comfort.
- In flight jacks included, compatible with most airlines; adapters.
