

Product Specification Sheet

Retractable 4-Directional Scrolling Ultra-Portable Mouse Part #: AMU26AP

Product Description:

Ideal for working on the road, the AMU26 is a compact, lightweight ultra portable mouse featuring a retractable cable management system. Simply pull on the connector and mouse ends of the cable and adjust the cord to your desired length. A simultaneous pull allows both ends of the cord to retract together. Connectivity has never been easier. The AMU26 also offers 4 way scrolling. Instead of using the standard tilt-wheel design, the AMU26 uses a clever way to scroll the screens both left and right and up and down.

Product Features and Specifications:

- 4th button enables the mouse to scroll the screen sideways for easy navigation.
- Adjusts to desired length, and fully retracts for easy travel and storage.
- Left and/or right hand use.
- No software or power adapter needed.
